9. (Internal Use Only - LLM) Bob Hull, State Department, called to discuss the status of the legislation eliminating the Federal tax exemption of Governmental allowances (H. R. 17488). He agreed even though the issue was dead this year, we should be working out positions to assure that the matter was not reported during the next Congress without due consideration of the merits. I informed Hull that the Director has, in a letter, expressed his concern to the Director of OMB, the Secretary of State and the Secretary of the Treasury.
